## Preamble

- IND AS and GST are major recent developments requiring in-depth deliberations amongst corporates, tax professionals and auditors
- It is incumbent for Auditors / Accountants to understand GST and also for Tax professionals to understand IND AS as both may impact each other
- Revenue as per financial statements could be materially different from revenue declared in GST returns mainly on account of:
  - GST is pre-dominantly a tax on transaction value whereas IND AS recognizes transaction at its fair value;
  - IND AS may require accounting of notional income or expenditure whereas GST may not be payable on such notional income or expenditure booked in accounts (except for related parties transactions)
  - IND AS may require early recognition of revenue or deferment of revenue while GST is payable on time of supply as stipulated in GST Act

## Preamble

- Need for reconciliation of financial statement with GST returns arise mainly due to difference in :
  - Accounting treatment of transaction as per IND AS and taxability of same under GST
  - Timing difference in revenue recognition in Accounts and in GST Returns.
- GST audit is mandatory u/s 35(5) of the Act wherein:
  - Company need to reconcile revenue as per audited financial statements and annual returns under GST
  - Auditor is mandated under GST law to certify such reconciliation
- It is settled jurisprudence that accounting treatment does not determine tax treatment:
  - Kedarnath Jute Mfg. Co. Ltd vs Commissioner Of Income Tax [1971 AIR 2145, 1972 SCR (1) 277]
  - Shoorji Vallabhdas And Co. [1962 46 ITR 144 SC]
- Tax treatment is independent of accounting treatment

## Conclusion

August 25, 2018 CA Sandeep Shah and CA Naresh Sheth 25

## Conclusion

- Additional responsibility on Accountant, Auditor and GST Consultant to align and reconcile GST returns and Financial Statements
- ERP and accounting packages would have to be customized
- Advisable to have automated (or process driven) reconciliations since year / period end reconciliation would be time consuming and cumbersome
- GST department needs to train its personnel to comprehend IND AS Financial Statements to avoid unnecessary hassles and litigations
- Whether life of audit and tax professionals will be better post IND AS or otherwise?
